

David Sasson

Backend-Oriented Full-Stack Engineer

Jerusalem, Israel · +972 52 262 6684 · davids2289@gmail.com · linkedin.com/in/david-sasson-developer

SUMMARY

Software engineer with five years of experience building cybersecurity products across AI security, cloud security, and third-party risk. Takes evolving product requirements from system design through production and creates shared infrastructure that helps other engineers ship new capabilities faster.

TECHNICAL SKILLS

Languages & Frameworks: TypeScript, JavaScript, Node.js, NestJS, React

Backend: REST APIs, Microservices, Kafka, RabbitMQ, SDK development

Data: PostgreSQL, MongoDB, Redis, TypeORM, Mongoose, Data modeling

Engineering: System design, Platform engineering, Performance optimization, Testing

EXPERIENCE

Cyera - AI and Data Security

Software Engineer - Tel Aviv, Israel | Jun 2025–Present

- Owned full-stack delivery for AI Assets from its early stages, partnering across Backend, Product, QA, and Design as the initiative grew into a standalone product.
- Built performant backend solutions for customer queries spanning millions of rows across multiple tables, balancing runtime efficiency with fast product development.
- Designed a reusable, polymorphic AI Assets SDK used across backend services and the BFF.
- Built reusable developer tooling adopted across the team, accelerating cross-stack implementation while improving consistency.

Panorays - Third-Party Cyber Risk Management

Full-Stack Developer - Tel Aviv, Israel | Oct 2021–May 2025

- Spent two years on a platform team, building data integrations and shared services while optimizing data-intensive backend operations.
- Joined a newly established cyber-posture assessment team as its first developer, onboarding two engineers and collaborating closely with the core engine team.
- Owned end-to-end delivery of configurable, rules-driven product systems spanning data models, calculation logic, and complex user interfaces.
- Contributed to a cross-team MUI component library adopted as the standard for new UI development, improving consistency and reuse across the product.

EDUCATION

Freie Universität Berlin: M.A., Near & Middle Eastern Studies, 2016–2018 | 94/100; full scholarship, *Intellectual Encounters of the Islamicate World*

Ben-Gurion University: Combined B.A., Psychology & Near and Middle Eastern Studies, 2013–2016 | 90/100; Departmental Excellence Program
