

David Sasson

Backend & Platform Engineer

Jerusalem, Israel · +972 52 262 6684 · davids2289@gmail.com · linkedin.com/in/david-sasson-developer

SUMMARY

Software engineer with five years of experience building AI security, cloud security, and third-party risk products. Resolves performance bottlenecks, designs reusable platform architecture, and takes complex systems from design through production.

TECHNICAL SKILLS

Languages & Frameworks: TypeScript, JavaScript, Node.js, NestJS, React

Backend: REST APIs, Microservices, Kafka, RabbitMQ, SDK development

Data: PostgreSQL, MongoDB, Redis, TypeORM, Mongoose, Data modeling

Engineering: System design, Platform engineering, Performance optimization, Testing

EXPERIENCE

Cyera - AI and Data Security

Software Engineer - Tel Aviv, Israel | Jun 2025–Present

- Owned end-to-end delivery of AI Assets from inception, building the AI Assets catalog, polymorphic asset-detail, and AI Security dashboard pages with a backend team, Product, QA, and Design.
- Built a polymorphic asset model and dispatcher-driven tabs and cards on shared layout infrastructure, cutting new asset additions from days to hours and enabling backend engineers to ship UI changes independently.
- Reduced worst-case latency on a core page from approximately 5 seconds to 0.5 seconds through query optimization, improving performance across tenants.

Panorays - Third-Party Cyber Risk Management

Full-Stack Developer - Tel Aviv, Israel | Oct 2021–May 2025

- Cut a data-retrieval job spanning all customers from 11–12 minutes to 1.5 minutes by replacing batched API calls with one purpose-built endpoint, reducing database load and eliminating consumer-side aggregation and deduplication.
- Built a configurable risk-policy system used by more than 50% of customers to override default risk calculations, spanning data models, calculation logic, and complex UI.
- Built rules-driven security workflows that triggered emails and task assignments when customer-defined conditions were met.

EDUCATION

Freie Universität Berlin

M.A., Near & Middle Eastern Studies, 2016–2018 | 94/100; full scholarship

Ben-Gurion University

Combined B.A., Psychology & Near/Middle Eastern Studies, 2013–2016 | 90/100; Departmental Excellence
